## Presidents Report

### Joomla & Internet Marketing

I'm studying Joomla and Internet Marketing for my own business direction.

Joomla is a CMS (Content Management System) platform for websites, which allows multiple users to edit the website.

Internet Marketing, if used correctly can best list a business and its products / services on search engines. The field of a given business has to be researched and analysed to achieve the best results.

### Future direction of IAA (SA) Inc

We must listen to what inventors and associated businesses require from us and provide what they need. We must become customer driven.

### Annual General Meeting

The Annual General Meeting is happening on 15<sup>th</sup> July 2010 and the Committee Nomination Form is at the back of this newsletter.

### Committee Nominations

Please nominate for a position, we need people on the committee.

## QUOTE OF THE MONTH

Out of clutter, find Simplicity.

From discord, find Harmony.

In the middle of difficulty lies opportunity.

(Three Rules of Work)

## Howard Says

I have been travelling!! USA, Spain, Italy, Turkey, Dubai, Sydney and then back to good old South Australia.

Turkey was a revelation. I did the well travelled track around the south western parts including Gallipolli.

A country that defies description in many ways. It includes very ancient places including the ancient city of Troy where they have the old walls, dwellings and boat ramps going back 4500 years.

On the other hand modern manufacturing plants that match anything in the West.

A few interesting facts I gleaned. Atatürk was sufficiently admired and in control that he changed their writing system from using the Arabic symbols to the Roman alphabet almost the same as we have.

National service is still universal and usually for 2 years.

Population is very large about 75 million people and the size of their lands very large indeed.

A mixture of ladies in the hijab, to very classy attire. Costs were somewhat less than here except in very upmarket hotels.

And yet I was surprised that they had only filed less than 400 patents last year.

Lack of resources or inventors I do not know and admit to being very surprised at such a small number.

Visiting Gallipolli was deep for me. I found a memorial for my old regiment 13<sup>th</sup> field Artillery. Miniscule beach and sheer cliffs. Crazy to attack in this location on any basis and yet we stuck in there for 9 months.

Not too much about Invention this month but I am looking for a good answer to jet lag.

Cheers Howard
